TXQ 550

AERATION

- Roof exhaust fan to extract air directly outside;
- Ball bearing motor;
- IP24 protection degree;
- IP44 side cabinet protection degree;
- Maximum air temperature 60°C;
- Quick and functional installation from inside the cabinet
- Supply cable (0,75 mt) included;
- Energy saving and reduced noise;

- Painted steel body complete with plastic cover, Grey colour RAL 7035;
- Safety protection grille;
- Ball bearing motor impeller self-cleaning backward curved blades;
- Adjustable speed through industrial controllers RGM2 or RGE (optional);
- Necessary to provide for installation an air intake grille in the lower part of the control cabinet;
- In accordance with Standard EN 60335-2-80.
